Abdulaziz Ali Hassan Alzeyoudi

Engineer | AI Applications Assessment | Innovation & Leadership

Rabdan, Abu Dhabi, UAE · +971 50 389 9339 · a.99339@hotmail.com

Professional Summary

Emirati engineer and commissioned officer in the UAE Armed Forces, holding an MSc in Engineering Management (Distinction) and a BSc in Electrical and Electronics Engineering. Serving since 2011 and commissioned since 2018, combining technical thinking with disciplined leadership. Contributes to committees assessing practical AI applications, builds team capability through specialist technical training, and has an award-winning record in robotics innovation.

Core Competencies

- Engineering and systems thinking
- AI use-case assessment and adoption planning
- Innovation and prototyping
- Technical evaluation and reporting
- Technical training and capability development
- Project coordination and stakeholder engagement
- Leadership communication and structured problem solving

Professional Experience

UAE Armed Forces | Ministry of Defence

Military Service: 2011 – Present · Commissioned Officer: 2018 – Present

- Appointed to workplace committees to monitor AI developments, study potential applications, and recommend suitable ways to apply AI within the unit.
- Initiated nominations of personnel for specialist technical and qualifying courses, strengthening practical capability and consistent work practices.
- Completed Ministry of Defence camp-based programmes in consulting, leadership, presentation skills, critical thinking, and problem-solving.

Innovation & Selected Achievements

Human-Motion-Controlled Robotic System

- Designed, built, and programmed a 3D-printed robot that mirrors hand movement to control objects remotely, applying robotics, sensors, and programming.
- Represented the UAE with the project at the Science and Technology Expo, Brazil (2017).
- Won Second Place in the Scientific Innovation Competition, 25th Al Owais Creativity Award (2018).

Education

MSc, Engineering Management · Abu Dhabi University · Jun 2020 – Jan 2022 · Graduated with Distinction

BSc, Electrical and Electronics Engineering · Khalifa University · Aug 2013 – May 2018

Officer Candidate Training · Zayed Military College · 2018 – 2019

Military Secondary School · Al Ain · Sep 2011 – Jul 2013

Institute of Applied Technology (IAT) · Sep 2010 – Jul 2011

Professional Development

- Electricity, robotics and programming – Nadwa Al-Thaqafa wa Al-Uloom and the Emirates Scientific Club
- Risk assessment, technical thinking and innovation
- Protocol, leadership and personal development
