

Surour Mohammed Alkaabi

Captain

Abu Dhabi, United Arab Emirates | mw37@hotmail.com | +97151777474

Profile

Strategic operations leader and Captain with 8+ years' experience delivering digital transformation, cybersecurity, and electronic warfare solutions within Defense organizations. Proven collaborator with top consultancies (BCG, Kearney) to shape long-term strategy, establish SOC capabilities, and modernize IT and communications for mission-critical operations. Skilled in technical project management, structural problem solving, and leading multidisciplinary teams to implement complex programs and build workforce capability. Seeking to leverage military leadership and engineering management expertise to drive innovation, resilience, and sustainable growth in high-stakes environments.

Areas of Expertise

- | | | | |
|---------------------------------------|--|---|-------------------------------------|
| • Management and Strategic Consulting | • Digital Transformation and Capacity Building | • Project Management | • Electronic Warfare |
| • Cyber Warfare | • Intelligence Analysis and Risk Assessment | • Executive Reporting and Presentations | • Multidisciplinary Team Leadership |

Professional Experience

Executive Office (2040+ Project), Executive Office of the Ministry of Defense, Abu Dhabi

2025 to Present

- Member of the "Forces Transformation 2040+" project team in collaboration with Boston Consulting Group (BCG): co-authored long-range strategic visions, developed implementation roadmap, and prepared executive briefings for senior leadership.
- Seconded Consultant - Kearney ("Jahezoon" Program): six-month secondment to support national projects including the UAE National Intellectual Property Strategy and the Ministry's education & training ecosystem modernization; applied global consulting frameworks to accelerate capability build-out (Oct 2025 – Apr 2026).
- Leadership & Delivery: led cross-functional working groups, facilitated stakeholder alignment workshops, and translated strategic objectives into prioritized programs and governance structures.

Staff Officer 2 J6 (IT & Communications) - Presidential Guard Falcons Brigade, Presidential Guard Command

2024 to 2025

- Planned and managed IT and tactical communications infrastructure to ensure secure, resilient connectivity for brigade operations.
- Designed and deployed advanced signal and comms plans for Operation "Falcon Strike," delivering reliable field communications under operational constraints.
- Provided technical support and operational guidance to sustain high equipment availability and rapid incident resolution.
- Led capacity-building initiatives to modernize IT and comms systems and improve unit readiness and response times.

Cybersecurity Governance & Management, Cyber Defense Directorate

2023 to 2024

- Developed a Ministry-level cybersecurity strategy and implemented a CIS-based control framework to strengthen cyber resilience.
- Directed the design and operational setup of a Security Operations Centre (SOC), overseeing procedures, staffing, and tooling to achieve operational readiness.
- Managed network security and systems projects with clear executive reporting to align delivery with strategic objectives.
- Led AI and digital transformation initiatives to embed smart systems and automation into corporate processes.
- Designed and delivered targeted training programs and awareness campaigns; partnered with international institutions to establish local cyber warfare courses.
- Oversaw Factory Acceptance Tests (FAT) and quality assurance for new technical systems to ensure compliance with global standards.

Technical Jamming Platoon Commander, Electronic Warfare Command

2020 to 2023

- Commanded a technical jamming platoon responsible for maintenance, technical development, and operational readiness of electronic warfare systems.
- Directed maintenance cycles, lifecycle upgrades, and quality assurance activities to sustain equipment availability for continuous operations.
- Served as an Electromagnetic Spectrum Analysis Expert: performed advanced spectrum and intelligence analysis to inform tactical decisions and operational planning.
- Led intelligence collection and analysis efforts, produced actionable intelligence products, and contributed to intelligence production training initiatives.
- Coached and developed technical teams, standardizing procedures and improving mission execution and technical proficiency.

First Lieutenant, Artillery Command

2018 to 2020

- Artillery locating radar operator: performed real-time technical monitoring and analysis to support precision fires and targeting decisions in high-pressure environments.

- Deployed and operated in combat conditions during Operation "Decisive Storm and Restoring Hope," demonstrating leadership, adaptability, and effective crisis response.
- Maintained rigorous monitoring practices and contributed to team readiness through training, procedural improvements, and after-action analysis.

Education

Abu Dhabi University, UAE, Abu Dhabi

Master of Engineering Management, May 2022

GPA: 3.90

University of South Alabama, Mobile, USA, Mobile

Bachelor of Science in Information Technology - Network Security, May 2017

GPA: 3.32

Al-Dahma School, Al Ain, Abu Dhabi, Al Ain

High School Diploma - Science Section, May 2012

Grade: 86%

Soft Skills & Languages

Languages

Arabic (Native), English (Fluent).

Soft Skills

High flexibility and rapid adaptability, effective presentation skills, written and verbal communication, negotiation, and multi-tasking under pressure.

Certifications & Advanced Training

University Graduates Course

2018

Artillery Foundation Course

Jun 2018 to Mar 2019

Electronic Warfare Fundamentals Course

Mar 2019 to Mar 2019

Electronic Warfare Platoon Commanders Course

Sep 2023 to Dec 2023

Reconnaissance Platoon Commanders Course

Jul 2024 to Dec 2025

Electronic Protection Course

Feb 2021 to Feb 2021

Military Security Course Junior Commanders

Feb 2019 to Feb 2019

Presidential Guard Communications Course

Mar 2025 to Mar 2025

Intelligence Gathering and Analysis via Cyberspace Course

Aug 2019 to Aug 2026

Honors & Awards

UAE 50th Golden Jubilee Medal

Zayed Military College 50th Golden Jubilee Medal

Excellence Medal (Second Class)

Operation Decisive Storm and Restoring Hope Participation Medal (Yemen)

Languages

Arabic (Native), English (Fluent)
